## CARLOW COUNTY COUNCIL AND KILKENNY COUNTY COUNCIL

# SMALL BUSINESS INITIATIVE & HAZARDOUS WASTE REDUCTION

PROJECT ONGOING

**Carlow and Kilkenny Local Authorities are working with small businesses to help them make real savings through waste prevention. Examining some of the environmental costs that businesses face today, the Prevention Officers aim to help businesses make immediate saving by preventing waste and conserving energy and water.**

Both local authorities are also examining the use of hazardous materials in their own activities. Having compiled a list of the materials used by local authorities, and quantifying how much is used, Carlow and Kilkenny County Councils, intend to examine more sustainable alternatives.
