Gr€€nSave

A low resource commitment programme
focusing on achieving savings
in energy, water and waste bills.

Gr€€nSave

The Gr€€nSave programme is offered by DLR Co. Co. in conjunction with €concertive and the Environmental Protection Agency to assist organisations to make savings in energy, waste and water usage and as a result of doing this to save money and become more sustainable. Should organisations so wish, there will also be an option to achieve an environmental certification (€coMerit).

By participating in the Gr€€nSave programme an organisation will receive;

- ✓ Mentoring support from an environmental advisor valued at €1,000
- ✓ An on-site environmental review visit and a follow up visit
- ✓ Assistance in developing an environmental policy and improvement plan
- ✓ Telephone support as required
- ✓ Final evaluation visit and assistance with €coMerit certification if desired.

A participation fee of €250 applies which is refundable if identified savings in energy, waste and water costs do not exceed €250.
