Kilkenny's Repair Directory

Kilkenny County Council as part of the Southern Waste Management Region is endeavouring to encourage people to reduce consumer consumption by promoting the concept of repair as one method to reduce waste generation. Waste prevention is one of the main principles of the Southern Waste Management Plan that was launched in May 2015.

The list of repair services was collated by Kilkenny County Council with the assistance of Thomastown Tidy Towns. Kilkenny County Council does not advocate or endorse any listing. Prior to using any service, please ensure that you are satisfied with the service provider's relevant experience, authorisation and liability cover.
